

Greeting

Because the NPO social welfare promotion society performed a general action for high care personnel training of the specialty in "the securing of care human resource for 2025", "the care staffs started a practitioner training" (the 450 hours training) communication course from June, 2015. I do the laborer who can push forward self-learning without unreasonableness to all people attending "the practitioner training" clearly. I will support it in future while a general action for the securing of quantity and quality of the care talented person is more and more necessary to be wide, and to attend it in not only Japan but also the various places aiming at the overseas care staff. Toward true care personnel training, I aim at that I can contribute to social welfare.

Institute of Nanakamado education

**Because all supports
the life like
the person of a person
cared for...**

In Institute of Nanakamado education, I prepare the dementia elderly person group home administration results and spot experienced lecturers, and I bring up the talented person who can play an active part as a professional not to mention adaptable fighting potential on the site, and follow is enriched in attendance, after, and, as well as qualification, the further skill up aims at the original training and lecture.

Group home Nanakamado

I aim at the community improvement that "I notice it" and value, and it becomes a local spark plug, and a person of dementia can live for in peace that we support that I continue having familiarity as the one who I respect dignity and the wish of the family with "Nanakamado" living resident to the maximum, and I wrestle, and local, lives in the coexistence of the life that seems to be security and the person with domestic environment and area and got in group home.

Group home Bibai-Kan

The Nanakamado Bibai-Kan, I establish it in October, 2002, By the use of 18 capacity, I run it. I hear it whether I am what doing, and the person wants to spend it on 1st and, in the Nanakamado life, practice care to grant thought in 1st in deference to an individual on 1st. While all the staff study to be able to spend in the Nanakamado while the personal wish diverging into many branches, and protecting the life rhythm that lived a life at home such as going out, eating out, shopping, hobby activity if possible, I support.

Group home Utashinai-Kan

The Nanankamado Utashinai-Kan, I establish it on June 1, 2004, By the use of 18 capacity, I run it. I perform an area and cooperation with the medical care that that a mountain and a river are seen anytime and are endowed with the area rich naturally hearing the voice of the bird and the sound of the river, and an individual using a walk and shopping, group home including the hobby activity is respected and can spend daily life relieved as thought, and all the staff act for support.
